Warren Payne
Townsville Castle Hill Lions Club
2 Yeldham Crt
ANNANDALE QLD 4814

Dear Warren,

On behalf of the Townsville Relay For Life Committee and Cancer Council Queensland, I would like to thank you and your team members for participating in the Townsville Relay For Life.

It was truly a fantastic event filled with emotion, energy and activity from beginning to end.

To date we have raised an amazing **\$192,819** with this figure still rising every day. This outstanding outcome wouldn't have been made possible without your team's dedication, enthusiasm and support.

Currently, only 15% of potential cancer research is being funded. The funds your team raised through participating in Relay For Life will help Cancer Council Queensland save more lives through research and support the 21,000 Queenslanders who will hear the words 'you have cancer' this year.

However, it is important for you to know that we are winning the fight against cancer. Over the past 5 years cancer survivorship has increased by 15% for most cancers and this fantastic achievement is entirely due to the funds raised and donated by Queenslanders. At present, 97 cents from every dollar you raise goes directly to defeating cancer.

Medical research has successfully beaten most disease, it will beat cancer.

Once again, thank you for participating and joining us to Celebrate. Remember. Fight Back!

Kindest regards,

Angela Tyack
Relay For Life Coordinator, North Queensland
